CONTENTS

Volume 16, Number 1, March 1978

		Page
Wood anatomy of the dicotyledons indigenous to New Zealand. 11. Oleaceae	RAJNI N. PATEL	1
Wood anatomy of the dicotyledons indigenous to New Zealand. 12. Icacinaceae	RAJNI N. PATEL	7
Wood anatomy of the dicotyledons indigenous to New Zealand. 13. Moraceae	RAJNI N. PATEL	13
Studies on the bryoflora of Macquarie Island. 2. *Ulota phyllantha* Brid.	R. D. SEPPELT	21
Botanical features of islands near the west coast of the Coromandel Peninsula, New Zealand	A. E. ESLER	25
Apomixis in *Cortaderia jubata* (Gramineae)	MELVA N. PHILIPSON	45
Production of interspecific hybrids in *Lotus* aided by endosperm transplants	G. DE LAUTOUR, W. T. JONES, AND M. D. ROSS	61
Inoculation of vesicular-arbuscular mycorrhizal fungi on onion and tomato seeds	R. E. GAUNT	69
Some species of *Nectria* having *Cylindrocarpon* imperfect states	GARY J. SAMUELS	73
Pollen wall structure of the New Zealand species of *Epacris* (Epacridaceae)	M. S. MCGLONE	83
Pollen structure of the New Zealand members of the Styphelieae (Epacridaceae)	M. S. MCGLONE	91
Nomina Nova 2, 1970–76	E. EDGAR AND H. E. CONNOR	103
Rorippa (Cruciferae, Arabideae) in New Zealand	P. J. GARNOCK-JONES	119
Variation in *Calystegia* R. Br. (Convolvulaceae) in New Zealand	JOHN OGDEN	123
Holocene plant remains from the shores of Lake Manapouri, New Zealand	P. N. JOHNSON	141
Further radiocarbon dates from Westland National Park and the Omoeroa River mouth, New Zealand	P. WARDLE	147
Nothofagus menziesii leaves dated at 7 490 yr B.P. in till-like sediments at Milford Sound, New Zealand	P. WARDLE AND MARY H. MCKELLAR	153
Notes and Comments		
The record of *Cyathochaeta diandra* (Cyperaceae) for New Zealand	ELIZABETH EDGAR	159
The syncarpous gynoecium	W. R. PHILIPSON	161
Fruits of *Myriophyllum elatinoides* (Haloragaceae)	M. J. A. SIMPSON AND C. J. BURROWS	163
An unidentified virus-like disease of *Clematis paniculata*	A. D. THOMSON	167
Obituary		
Kenneth Willway Allison 1894–1976	B. H. MACMILLAN	169
Corrigendum		173

Volume 16, Number 2, June 1978

Gold in some New Zealand plants — N. I. Ward and R. R. Brooks — 175

Breeding systems in *Carpodetus serratus* J. R. et G. Forst. — Brenda F. Shore — 179

Oil bodies of the New Zealand leafy Hepaticae (Jungermanniales) — Glenn H. Stewart — 185

Botanical features of Tiritiri Island, Hauraki Gulf, New Zealand — A. E. Esler — 207

Population and growth characteristics of tanekaha in *Leptospermum* scrub and secondary forest of the Waitakere Ranges, Auckland, New Zealand — E. W. Pook — 227

Macro-element composition of *Chionochloa pallens* and *C. flavescens* shoots, and soil properties in the North Island, New Zealand — P. A. Williams, J. L. Grigg, P. Nes, and K. F. O'Connor — 235

Macro-element levels in red tussock (*Chionochloa rubra* Zotov) shoots, and properties of associated volcanic soils, North Island, New Zealand — P. A. Williams, J. L. Grigg, P. Nes, and K. F. O'Connor — 247

Macro-elements within shoots of tall-tussocks (*Chionochloa*), and soil properties on Mt Kaiparoro, Wairarapa, New Zealand — P. A. Williams, J. L. Grigg, P. Nes, and K. F. O'Connor — 255

Anzia and *Pannoparmelia* (Lichenes) in New Zealand — D. J. Galloway — 261

The species of *Alseuosmia* (Alseuosmiaceae) — Rhys O. Gardner — 271

Short Communications

Parahebe catarractae (Scrophulariaceae) in the Kauaeranga Valley, Coromandel Peninsula, New Zealand — J. K. Bartlett — 279

A note on the identity of *Asplenium triste* Raoul — P. J. Brownsey — 281

The cultivated dichondra — Margot B. Forde — 283

Hedychium in New Zealand — a further name change — A. E. Orchard — 287

Letters to the Editor

Goats on Auckland Islands — P. Wardle, N. T. Moar, and D. R. Given — 291

Reply to: Goats on Auckland Islands — D. J. Campbell and M. R. Rudge — 293

Announcement

Thirteenth International Botanical Congress, 1981 — 297

Volume 16, Number 3, September 1978

Some qualitative and quantitative aspects of New Zealand divaricating shrubs — P. B. Tomlinson — 299

New Zealand Fungi. 25. Miscellaneous species — S. J. Hughes — 311

A vegetation history from north-east Nelson, New Zealand — J. R. Dodson — 371

Relative pollen representation in relation to vegetation composition, Westland, New Zealand — D. T. Pocknall — 379

Checklist of dicotyledons naturalised in New Zealand. 1. Umbelliferae — C. J. Webb — 387

Checklist of dicotyledons naturalised in New Zealand. 2. Lamiales — W. R. Sykes — 391

Leonard Cockayne: horticulturist — A. D. Thomson — 397

Short Communications

Corybas macranthus (Hook. f.) Reichb.f. (Orchidaceae), a new record for Macquarie Island — M. J. Brown, J. F. Jenkin, N. P. Brothers, and G. R. Copson — 405

Recent dendrochronological sampling in New Zealand: a preliminary note — Peter W. Dunwiddie — 409

Gnomonia platani, the ascogenous state of *Gloeosporium platani*, found in New Zealand — L. A. Hitchcock and A. L. J. Cole — 411

A note on pollen dispersal in Canterbury, New Zealand — N. T. Moar and J. V. Myers — 413

Corrigendum — 417

Volume 16, Number 4, December 1978

Vegetation and soils of North Island, Foveaux Strait, New Zealand — P. C. Kennedy — 419

Growth and non-structural carbohydrate reserves in *Chionochloa rigida* and *C. macra*, and their short-term response to fire — I. J. Payton and D. J. Brasch — 435

Effects of grazing on indigenous shrubs in tussock grassland at Cass, Canterbury, New Zealand — Richard B. Primack — 461

Regeneration status of some New Zealand conifers, with particular reference to *Libocedrus bidwillii* in Westland National Park — P. Wardle — 471

Macro-element composition of tall-tussocks (*Chionochloa*) in the South Island, New Zealand, and their relationship with soil chemical properties — P. A. Williams, S. Mugambi, P. Nes, and K. F. O'Connor — 479

A hybrid between *Trifolium repens* and *T. ambiguum* obtained with the aid of embryo culture — Elizabeth Williams — 499

Lichens of Nelson Lakes National Park, New Zealand — D. J. Galloway and M. J. A. Simpson — 507

Trimmatostroma excentricum sp. nov., on *Eucalyptus* from New Zealand and Fiji — B. C. Sutton and Ashaganathan Ganapathi — 529

Origin of the New Zealand mountain flora, with special reference to trans-Tasman relationships — P. Wardle — 535

Short Communications

Subantarctic Pteridophyta: observations and new records — David R. Given — 551

Index to Volume 16 — 555
